

THE ROYAL NETWORK

ROYAL COMPENSATION PLAN

The Royal Network offers a **first class compensation plan** for anyone who is serious about making immediate weekly income, as well as monthly residual income.

Designed by one of the top consultants in the direct sales network marketing industry, the **Royal Compensation Plan** is both fair and balanced for new Business Associates, as well as experienced marketers.

With 12 ways to make money, full dynamic compression and an integrated affiliate program, our dynamic compensation plan allows Royal Business Associates to earn money the very first week in the business from new sales made to Royal Retail Customers, Preferred Customers and Business Associates.

In addition, the Royal Compensation Plan is designed with **powerful incentives** that reward those Business Associates who choose to target larger sales and income goals.

FREE ROYAL AFFILIATE PROGRAM

The Royal Network offers a Free Royal Affiliate Program for individuals, businesses and organizations who would like to share our investment education and empowerment products and services with others and generate one time and residual affiliate income based on customer sales only.

Here's how it works!

Royal Affiliates can join for free and earn 20%-40% in Royal Retail Profits selling The Royal Network's products and services at Retail Price on the Internet. They can also earn 10% in Royal Preferred Customer Commissions selling The Royal Network's products and services at Preferred Customer Price on the Internet.

As an optional feature, The Royal Network's website will track all your sales, and give you a personal business website designed for our Royal Affiliates for just \$39.95 per year. The Royal Website does all the work with a few clicks of a button.

In addition, our single-level Royal Affiliate Program works in conjunction with our multi-level Royal Compensation Plan, allowing Royal Business Associates to refer Affiliates to The Royal Network and receive Royal Enroller Bonuses, Royal Team Bonuses and Royal Unilevel Sales Commissions when the Royal Affiliates they refer make Retail Customer Sales and Preferred Customer Sales.

OVERVIEW OF ROYAL UNILEVEL COMPENSATION PLAN WITH DYNAMIC COMPRESSION

With The Royal Network's Royal Compensation Plan, Group Volume (GV) is accumulated in all levels of the Royal Unilevel structure so you are promoted faster, move up the Ranks quicker and can generate more Royal Unilevel Sales Commissions.

All successful direct sales compensation plans have Personal Sales Volume (PSV) requirements that increase as your Rank increases. To help you achieve your sales and income goals, your Personal Auto-Subscribe and your Preferred Customers on Auto-Subscribe are both included in your Personal Sales Volume requirements.

Dynamic Compression that comes with the Royal Compensation Plan benefits both the new Business Associate as well as experienced Leaders who have advanced into the higher Rank levels by maximizing your payout on each level.

Qualifying is easy, no matter what your Rank is.

Here is how it works:

When it is time to pay you commissions, the Royal Network's Oracle Based software looks first at your Personal Sales Volume to see if you are "Active" by meeting your Personal Sales Volume (PSV) in a given calendar month. By qualifying, you are ready to benefit from **Dynamic Compression** by getting paid the maximum amount deep into your sales organization.

The Royal Network's Oracle Based software looks at the Royal Business Associates in your entire sales organization to see which ones have qualified with their Personal Sales Volume. Remember, you get paid on their Personal Sales Volume plus their Preferred Customer Sales Volume.

Example: The software starts looking at all Royal Business Associates that are on your first pay level. Let's say the software finds one of your first level Business Associates who has NOT qualified with their required Personal Sales Volume. This created an unpaid "hole" in your sales organization. The Royal Network's Software then systematically starts looking for the first person below you from the second level or below of your sales organization **to fill that unpaid "hole" in your team.**

If the second level person (or below) is an active Royal Business Associate (meeting their Personal Sales Volume requirement), then the Royal Network's Software moves them up to your first payment level and the "hole" is filled so that you are paid

the maximum amount. It also moves up all the people under that person so that **you are paid maximum commissions.**

The software then searches **ALL Levels** of your sales organization looking for "holes" (that you would not have gotten paid on) until it finds one. **The computer then moves your sales organization up to fill up those holes.** As you continue to move up to higher ranks, it will very likely reach down **many levels** filling up all the sales organization "holes" **to maximize the size of your "Royalty Check!"**

This is exactly how the Royal Network's Dynamic Compression system gives you the **potential to be paid many levels deep in the Royal Unilevel structure of the Royal Compensation Plan.** Many companies don't do this, and the money you would earn goes to the company. **In essence, The Royal Network's software system is working for you, to ensure that you are able to reap the most money from the Royal Compensation Plan.**
